THE "OLD DOCTOR." 4 The success hitherto evjoyed by the author of the above popular works is a sufficient guarantee of the ith which any productions coming from his pen will be received by the public. "The Cabin Boy's tory" is a remanic marrative, illustrating the herrors of the Sieve Trade, as carried on in the Coast of Africa. The author has served in the navy and the descriptions and characters are painted personal acquaintance with them. The story full of exciting interest and adventure as the celbrated work of Befoe, "Robinson Crusos," and has tre adventage over that glorious fiction, inasmuch as it is founded ou facts of every day occurrence -The history of the heroine of the story, Zuleika, the Circassian Slave, purchased at Constantinople, educated and married by the recklers, yet chivalric seymour—the commander of the Albatross, is simply the narration of a fact painted from the life, and a

the numerous characters portrayed throughout the story are vividly and graphically drawn. The publishers have atready received orders for the whole of the edition it was originally their inntion to publish; consequently they have been Bliged largely to increase it; and they respectfully request that all orders may be sent in immediately They could lently expect that the work will creat s much interest as any work of fiction that has co late emanated from the press, as notwithstanding, since the publication of "Uncle Tom's Cabia," works relating to slavery in America, PRO and con, have been numerous, none have appeared having relation to the system of purchasing slaves on the African Coast, written by one who has witnessed it in all it heleous deformity The work is written in chaste and pure language, and will be a welcome and in-structive addition to the family library. The work will form a beautiful octavo volume of

AGUE AND PEVER-GREAT CURE.-- I hereby certify that for three years I had Ague and Fever o the most violent description. I had several Physiclans, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. At last I tried Carter's Spam di Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither Chills or Fevers since. I consider it the best Tonic in the world, and the only medicine that ever reached my case.

Dentists prescribe it in their practice most successfully, and from every source the most flattering laudations are awarded it. Inflamed and bleeding gums are immediately benefitted by its use, its action upon them is very mild soothing, and effective. Jackson: Dear Sir-For the past two years I have been severely afflicted with Liver Complaint, Dyspepsia, Bilious Diarrhoca, and Piles, suffering in a great degree constantly, the pains and incoveniences attendant upon such diseases, without energy, being scarcely able to attend to any business. I lost a great deal if my flesh, and used many kinds of medicine, with no apparent change, until I commenced with your "Hoojiand's German Bitters," they have entirely cured me. I have gained in weight over forty pounds since I commenced their use, and I am now entirely free from pain and ache of any kind, and feel like a new man. I unhesitatingly recommend your Bitters to all invalids

I tried one bottle f your German Bitters, which entirely cured me. I have used two bottles. I sent two bottles 150 miles from here to a friend who had been sick for a long time; he has also been cured by them. I believe them to be superior to any medicine new in use." E. B. LIBERTED SLAVES : CLUSON About forty liberated slaves from Virginia, hearty, healthy and happy in appearance, arrived a few days ago at Chambersburg, Pa. They travelled there in wagons, drawn by fine horses, which had been furnished them for their transportstion to a free State. The Chambersburg Transcript, a free negro advocate, notices their arrival, and adds that "they are now quartered at Hog Eye Hall, in Wolftown. Several of them, we understand,

that their manumission may be the earnest of a happy future of freedom." To which "The Valley Spirit," of Chambersburg, (a paper which, although published amongst free-soilers and abolitionists, has the independence to speak the truth.) says:
